<p><b>Nigeria, Growth Enterprises and Markets in States (GEMS)</b></p>	<p>\$100 million</p>	<p><a href="http://web.worldbank.org/external/projects/main?pagePK=64283627&amp;piPK=73230&amp;theSitePK=40941&amp;menuPK=228424&amp;Projectid=P103499">http://web.worldbank.org/external/projects/main?pagePK=64283627&amp;piPK=73230&amp;theSitePK=40941&amp;menuPK=228424&amp;Projectid=P103499</a></p>	<p>The project includes three primary components that will target state level outcomes but will also entail in certain areas Federal level engagement and activities:          Component 1: Investment Climate and Market Structure (\$25 million): this component will first address the binding constraints initially identified by the CEM and subsequent analysis under the World Bank Group\DFID ICP project, which may include: (i) trade facilitation; (ii) tax administration; (iii) land registration; (iv) contract enforcement.          Component 2: Infrastructure Development and Guarantee Financing (\$80 million): Financing under this component will target key infrastructure gaps not addressed under other infrastructure projects constraining value chain growth and could include support – under PPP arrangements – to develop targeted power, transport and telecommunications services to clusters within value chains.          Component 3: Enterprise Development (\$55 million): This component will identify specific enterprise level constraints to improved industry productivity in at least one value chain in each target state over the medium term.</p>	<p>Pipeline</p>	<p>Ismail Radwan          Lead Private Sector Development Spec.
